Gabriella is a Reiki Master/Teacher, Reflexologist, and Meditation Teacher, in addition to facilitating Soul Support modalities.

Gabriella's particular journey with Soul Support Systems began on a retreat in France, 2010. Inspired, she committed to help in the de-structuring of all the old ways of being in the world and assist in the establishment and integration of a new way; one that supports each individual's right to be happy and live from their heart.

Gabriella sees the extra-ordinary light and unique gifts of each individual.

In a session with her, Gabriella can help to reveal your particular light and gifts; showing you ways to easily bring them into form in simple, accessible and joyous ways.
