### Soul Support Facilitator in Soul Recognition, HeartThread and Circuitry Alignment

Gabriella I have always had a love of nature, the mystic and using the magic all around us. Life's experiences have taken me on many weird and wonderful journeys eventually finding that most of the 'mad' stuff that I did, people were actually writing about and teaching it categorizing it with names. This led me to explore various therapies in detail. My passion is to liberate people from the restrictions of the system and set beliefs, so they can fully live from and express the beauty of their creative soul. My 'work' had mostly been voluntary and organic amongst friends, family and acquaintances with such amazing affects that I knew I had found my true path, and now I am pleased to be able to offer my skills to a greater and more varied range of people. I have a reluctance to using technology as it distracts me from my natural rhythms whilst still respecting the efficiency of it. Everything I endeavor to do comes from my heart and soul.

Through connections, synchronicity and destiny, I have accumulated certificates in meditation, advanced channeling, reiki master/teacher, Light body and Radiance, Munay Ki; and many shamanic activities. My very first Soul Recognition re-lit my fire of passion to spread the work of love, light and unity, and has given me the confidence, support and truth of my part in the hologram. I roam the land with my twin flame, Ruthie, also a Soul Recognition facilitator, going wherever the Great Spirit calls us! I have a blissful life and would like to share this with the rest of humanity and all life forms. **Contact** through Ruthie [roobydoo@gmail.com](mailto:roobydoo@gmail.com)
