Karuna Kress 3/20/39 - 5/11/18

Karuna Kress made her transition in May and many friends celebrated her life last month. Karuna was instrumental in expanding our Soul Support Systems training programs and organizing channelings from our spiritual messengers for a number of years before she retired.

Above are some photos of Karuna's moments of joy and friendship. Our thanks and love surrounds her in the grace of creation.

Supercoherence Frequencies!

Many of you are familiar with the Supercoherent Frequencies brought from Thrity Engineer, that are quantum field frequencies that convey to us and restore in us

the balance that we all endeavor to live.

We are ordering the new Water frequencies as well as the I AM and Wellness frequencies. If you are interested in purchasing these from Soul Support, please let us know. Many of you have already been using the frequencies to support your quantum fields. The water frequency has been tested scientifically and allows the body to absorb water in a way congruent with the bodies' natural functioning. Since water is our primary essence, this fine tunes us in a subtle and yet dependable and steady way.

Other frequencies offer male or female balance and support, work with trauma or fear, and also carry the frequency of union and the return to love. The Wellness frequency is to assist the body in dealing with EMF's.

Call our office to talk about what might be best for you to utilize to assist in your full embodiment of Oneness.
