

Patricia Skinner, RN, MSN, CHTP

Soul Support Facilitator in Soul Recognition, Teacher of Circuitry Alignment, and Facilitator of HeartThread

Patricia has been involved with Soul Support Systems since 2003. She loves Soul Recognition and watching people open up through all the modalities. She particularly enjoys seeing recipients become more aware and “soulful” as they experience their own magnificence and potentiality. Patricia is also a retired nurse educator and Certified Healing Touch Practitioner. She uses a variety of energy healing techniques with her clients. She knows that care of the soul, especially self-care, is important. Patricia creates a safe sacred space that allows people to open and receive as they set their intentions.
