

Ruthie Cooper

Soul Recognition, Heart-Thread and Circuitry Alignment Facilitator

Ruthie is a reiki master and animal healer, a Light-body and Radiance graduate, and an earth-worker. She is certificated in shamanic practices and Munay Ki rites.

Ruthie loves being out in nature and all the simple things in life, so it suits her well living in a motorhome where her current nearby landscape is her garden, with Geoff and their dog. They travel around the UK sharing light, love and appreciation with the people and places they come across. Ruthie very much trusts that they will meet exactly who they need to meet at exactly the right time.

"I love to help people lose their fear and find their joy in whatever way I can and work in a natural, down-to-earth and instinctive way letting my body's wisdom guide me", says Ruthie.
