made in sacred sites in the south of France under the direct guidance of Mary Magdalene.*

Flo Magdalena is a spiritual mid-wife who has worked throughout the world with individuals and groups since the late '70's. Flo leads experiential retreats, trainings, and programs she has developed that assist and support her students and clients to remember and access the connection with their innermost self, their soul. Her deep energy work forges a conscious relationship with the soul that affects the balance and interconnection between the body, emotion, mind and spirit. We can then experience optimal health and emotional transparency; create lasting and harmonious relationships, and live in more balance with our inner and outer world, fully bringing our gifts forth.

From a mystical three-year experience with Mary Magdalene, Flo wrote *I Remember Union: The Story of Mary Magdalene*, a dramatic, evocative and inspiring book that reveals Magdalene's role in the life of Christ and their destinies that initiated the Peace of a Million Years of Dreaming, 2000 years ago.

Flo's other books are: *Sunlight On Water: A Guide For Soul-full Living, Honoring Your Child's Spirit: Pre-birth Bonding and Communication, Cynthia's Promise, Hearts of the Village, Heartful Living: Engaging With Our Hearts With All Life, and The Light Magnificent & The Power of Grace, and The Voice of the Mothers*. Her work brings a message of hope about our capacity to create a world of peace, honor, and union.

Flo lives in Vermont with her husband, David. She has two children, three granddaughters, one grandson, and a cute dog named Norton.
