

# **Witnessing: *Walking Together Through Life***

*An Opportunity to Create Inner & Outer Resolution*

**~ Join each Tuesday at 1:00 PM Eastern ~**

Not only is the astrology for this year remarkable in its turbulence, it is also a *coming of age time* for all of us as we embody our Spiritual Essence and stand in a world besieged by injustice, judge-ment and dichotomy.

In this amazing and challenging time, Soul Support Systems and HeartThread International is offering a revolutionary way to navigate the waters of our lives this year. Each Tuesday, beginning on January 19<sup>th</sup>, we will open a field of intention together to bring resolution to personal issues faced by members in our community.

Each week, four individuals will have the opportunity to receive a 10-15 minute uplift through the processes of HeartThread and perhaps, at times, The Ones with No Names.

In our experience, Witnessing creates a strong interconnection with the heart-field of the receiver, the facilitator and those in attendance. Through this strong container, words and phrases of release and relief are stated from the body and unconscious of the receiver that facilitate resolution and peace for them and for all present.

Through the HeartThread field, we address personal challenges head-on, directly moving through the heart to clarify our stories, resentments, abandonments, betrayals, feelings of lack, insecurity, and so forth. We find within the strength and Truth that allows us to return again to the Heart of the One, and be together in grace and peace.

All in attendance will be supporting this process and those facilitating through a donation. *Please use the \$25 button below linked directly to PayPal* if you attend a Tuesday call. The link will also be provided for everyone in the Zoom Chat for each session so that you can honor the process and the facilitator(s) who lead for that day.
