

Petra Tarnai

Facilitator-in-Training of Soul Recognition; Facilitator for HeartThread

Petra is from Hungary but currently living in Portugal very close to the ocean. She is a divorced mother of two beautiful children and in constant quest of finding her best self.

After reading the book 'I Remember Union', Petra met Flo Avevia and Soul Support Systems two years ago. Petra immediately knew that she had found a link that had been missing for a very long time in her life. "The book soon became my bible and Flo Avevia became my mentor and a lifelong friend", Petra said.

A facilitator-in-training for Soul Recognition, a certified facilitator for HeartThread, Petra is currently participating in Soul Support Systems' year long course, called *The Legacy of the Soul*.

With three other amazing women, Petra is a representative of the Soul Recognition and HeartThread techniques in Hungary. The women recently established a Readers' club named after the book, which is an online gathering taking place every second week.

Says Petra: "Both Soul Recognition and Heart Thread techniques are helping me immensely in accomplishing my Soul Purpose which I am grateful for beyond words."

Also, Petra is fluent in English and speaks French. She is currently learning Portuguese!
